

GETTING TO THE INNOVATION LABS & CRM SITE

- The labs **ARE NOT** on the main Steelworks site, so do not attempt to drive through any of the main steelworks entrances.
- Large trucks and B-Doubles frequently travel on Old Port Road and access the CRM site, take extra precaution when turning and approaching junctions.

THE INNOVATION LABS & CRM SITE

- On CRM site vehicular traffic has right-of-way.
- As a pedestrian please use the walkways as much as possible and be very aware of any traffic in your area.
- BlueScope employees need not sign the visitor's book if remaining in the administration building. All other visitors must sign in at the Innovation Lab administration building, wear their visitor sticker for the duration of their visit and sign out at the end of their
- Stay with your designated Innovation Lab site contact at all times and obey their instructions. Do not walk off on your own.
- Do not run or ride bicycles on site.
- Wear the correct personal protective equipment (PPE) at all times. Certain areas require specific PPE – please take note of PPE signage.
- Observe all BlueScope site rules & policies, including:
 - No smoking inside any buildings. Smoking is only permitted in designated areas
 - Do not be under the influence of drugs or alcohol. Do not bring any drugs or alcohol onto site
 - Present yourself well rested and fit for work
 - When on ascending/descending stairs, hold the handrail & do not talk
 - Do not touch any samples, materials, chemicals, experiments, tools or equipment without permission from your Innovation Lab site contact
 - Only use your mobile phone when standing still in a safe area. Mobile phones are not to be used whilst walking or driving
 - Report all injuries immediately
 - Dispose of any waste safely and appropriately

DIRECTIONS

- BlueScope Steel Innovation Labs are located on Old Port Road, Port Kembla.
- Driving from Sydney on the F6, there are several exits that you pass after you come down Mount Ousley Road. These are in order: Wollongong, University, Figtree and Masters Road. You should exit at the Five Islands Road exit heading east.
- If Driving from Nowra, Albion Park, etc., also take the Five Islands Road exit and turn right to travel east.
- Proceed along Five Islands Road and stay in the right lane. Travel straight through the intersection with Springhill Road which forces traffic to merge. As you proceed in a Southerly direction, you will pass large gas holders (two large cylindrical vessels) on your left and the railway is also on your left. Travel in the left lane.
- You then approach a set of lights, turn left onto 'Flinders Street'.
- Now as you proceed, you will notice the coke ovens on your left, and a large coal stockpile in front. Stay on the road as it bears around to the right, it now becomes Old Port Road.
- Go under the Railway bridge (watch for flooding in wet weather).
- Take the CRM entrance for BlueScope Steel on the right. (If you go over a railway level crossing, you have gone too far, turn around at the next round about and come back.)
- Turn right at the large entrance which has an unmanned gate house for BlueScope Steel. Follow the road to Innovation Labs car park.
